

Letter from Sister Avilia – 11/24/09

Dear brothers in Christ.

We want to inform you about the situation that we are living currently: in terms of health, our sister Jeronima Rizo, spouse of our brother Visitacion Joyas she had a /facial paralysis, and the sister Deograsia spouse of the brother Santo Galiando is in bed because of back bone problems./

/At the other hand brother Nicolas castilla was assaulted while he was doing his work./

/The rest of brothers and sister are ok. We have new perspectives, we are preparing the school uniforms the we always give away for classes in the year 2010. When you come we plan to have moments for reflection. We are also open to decide with you guys what we can do in the future, for example to revise the project for more uniforms and pastoral houses./

/I also want to tell you that we agree that the date you guys come is good (4 to 10 of march) /

/It was decided that the person to receive you in Managua it's me. We are always glad to hear from you./

/I hope you can write me soon./

/I'll be in Managua so you can write me. /

/Bendiciones. /
